

BIO

I have over 10 years experience providing my professional DJ service throughout East Anglia and beyond. I absolutely love what I do! For me, DJing isn't a job, it's the complete opposite – my passion! My extensive knowledge of music and passion for creating fun, busy dance floors shines through in all my DJ events, and I'm sure this is the reason I'm recommended time and time again by previous clients and fellow suppliers alike.

Having worked with some amazing local talents as well as some great celebrity DJ's I'm lucky to have been employed in some of the best bars, clubs and boutique venues. I've DJ'd clubs, bars, festivals, weddings, parties as well as shops and shopping centres.

GENRE / STYLE
